SIDS4 Conference Side Event

Ocean action to support resilient prosperity in SIDS

29 May 2024, 10 to 11:30 a.m.
Room 5, American University of Antigua

Organized by UN-Oceans

UN-Oceans, an inter-agency mechanism for cooperation and coordination on ocean and coastal matters, held a side event to showcase how UN-Oceans members are working together to enhance the ability of SIDS to chart a course towards resilience, prosperity and sustainable development.

Please refer to the Concept Note and Programme and the Speaker Biographies.

The side event commenced with high level opening remarks from the:
