

Abstract of the Presentation by

Mr. K. Sekimizu

Director, Maritime Safety Division, International Maritime Organization

**on "An Overview of Current Issues and
Future Challenges in Maritime Safety"**

at the Ninth Meeting of the United Nations'

Open-ended Informal Consultative Process on Oceans and the Law of the Sea,

Discussion Panel

Segment 3 on "Experience and challenges in maritime safety"

at 3:00 pm on Tuesday, 24 June 2008

This presentation will provide an overview of activities of the International Maritime Organization (IMO) on maritime safety issues over the past five years. IMO has responded to emerging maritime safety challenges, expanding its scope of activities, and created an effective forum to discuss maritime safety issues and to establish international rules and regulations. The Presentation, here, will provide an overview of the current and future challenges on maritime safety in the fields of development and new measures, implementation and enforcement, regional and sub-regional developments and the need for capacity building.
