Planning Commission , at 5 th Session of Commission of Cooperation and
"e#e l o! ment

2017/04/03

Madame Chair,

Distinguished Delegates,

Ladies and Gentlemen,

First of all, I agree with the intervention made by the Ecuador Minister, on behalf of thhaMo(m) -

I, therefore, would like to share experience and lessons with each other, and jointly address the issue of changing age structures, promoting the coordinated development of population! Here, I would like to propose

First, building a policy system beneficial to the coordinated development of population! All countries shall set improving people welfare and the all development of people as the intent and purpose of population development strategies, and better allocate public service resources! Increased advocacy helps to tap the potentials of people of all age groups, upon which sustainable development builds!

Second, adhering to children priority and investment into youth! We shall all launch projects of healthy children, drive the balanced development of obligatory education, and increase the resources invested into the life-long health and education of children and youth! More
