

PERSPECTIVES ON GLOBAL DEVELOPMENT 2017

INTERNATIONAL MIGRATION IN A SHIFTING WORLD

Mario Pezzini

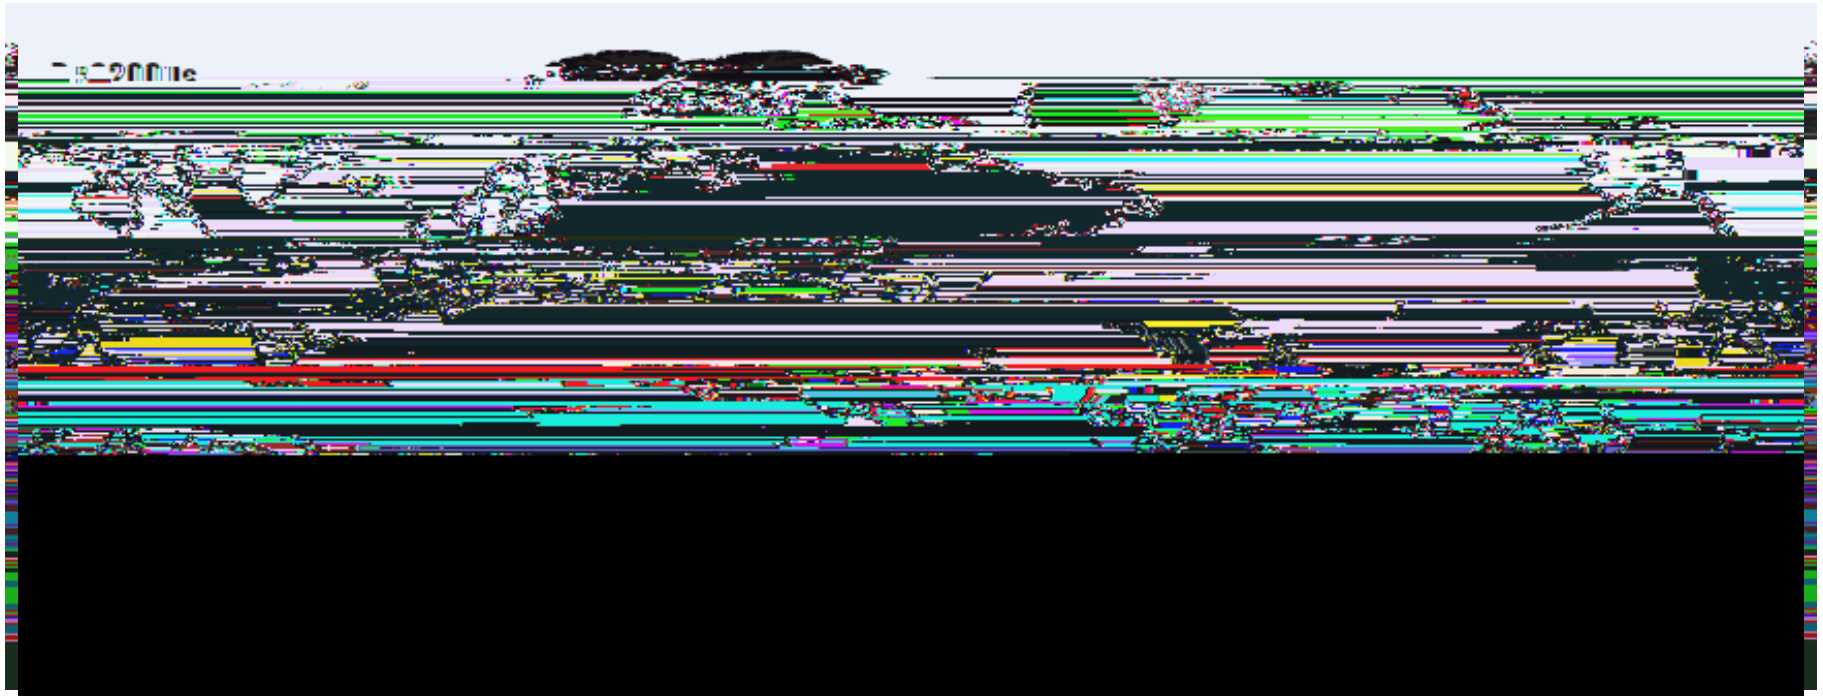

Shifting Wealth has been the defining change in the global economy

 Poor and struggling

 Converging

 Affluent

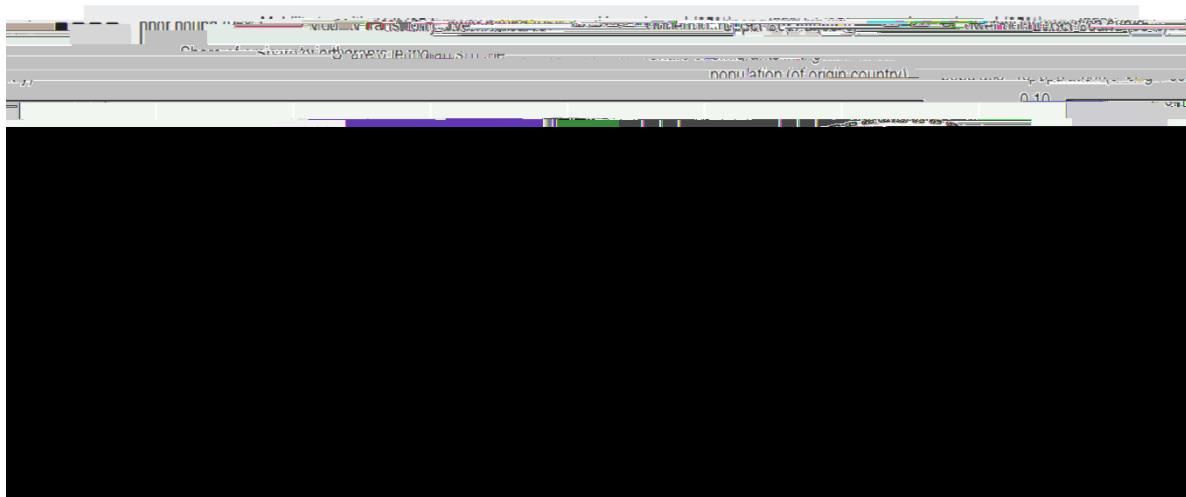

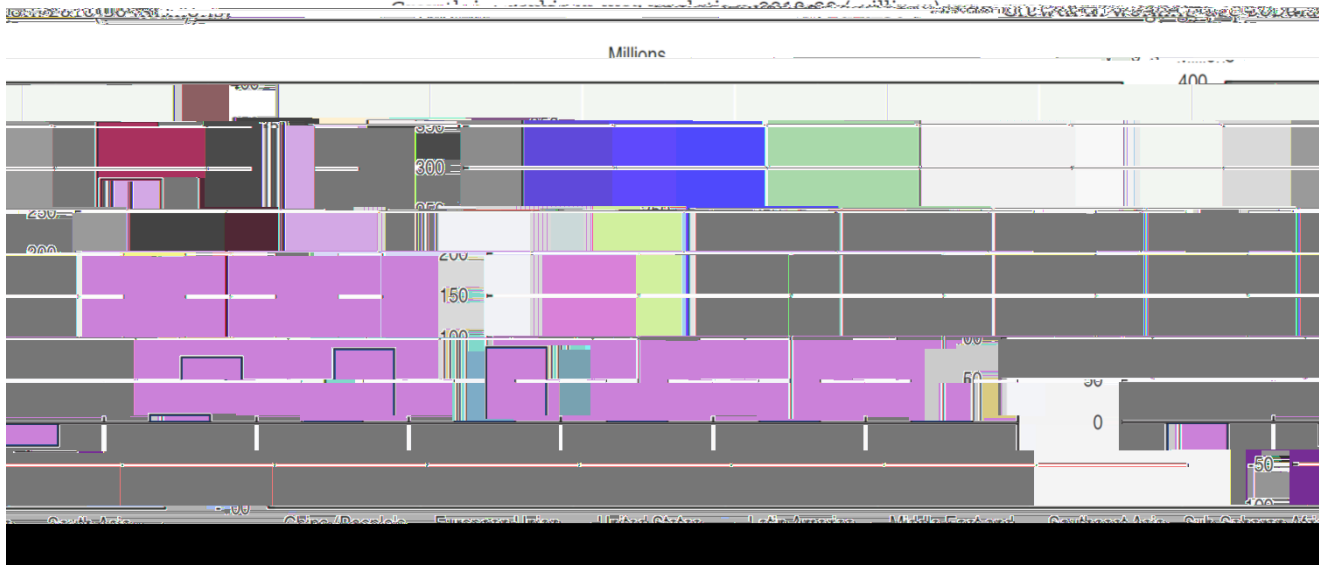

People are increasingly drawn to high income countries

Note: The stylized arrows represent intra- and inter-continental migration (e.g. SG to HI countries), the solid arrows represent migration within a continent. The migration flows are computed on the bilateral database of C...

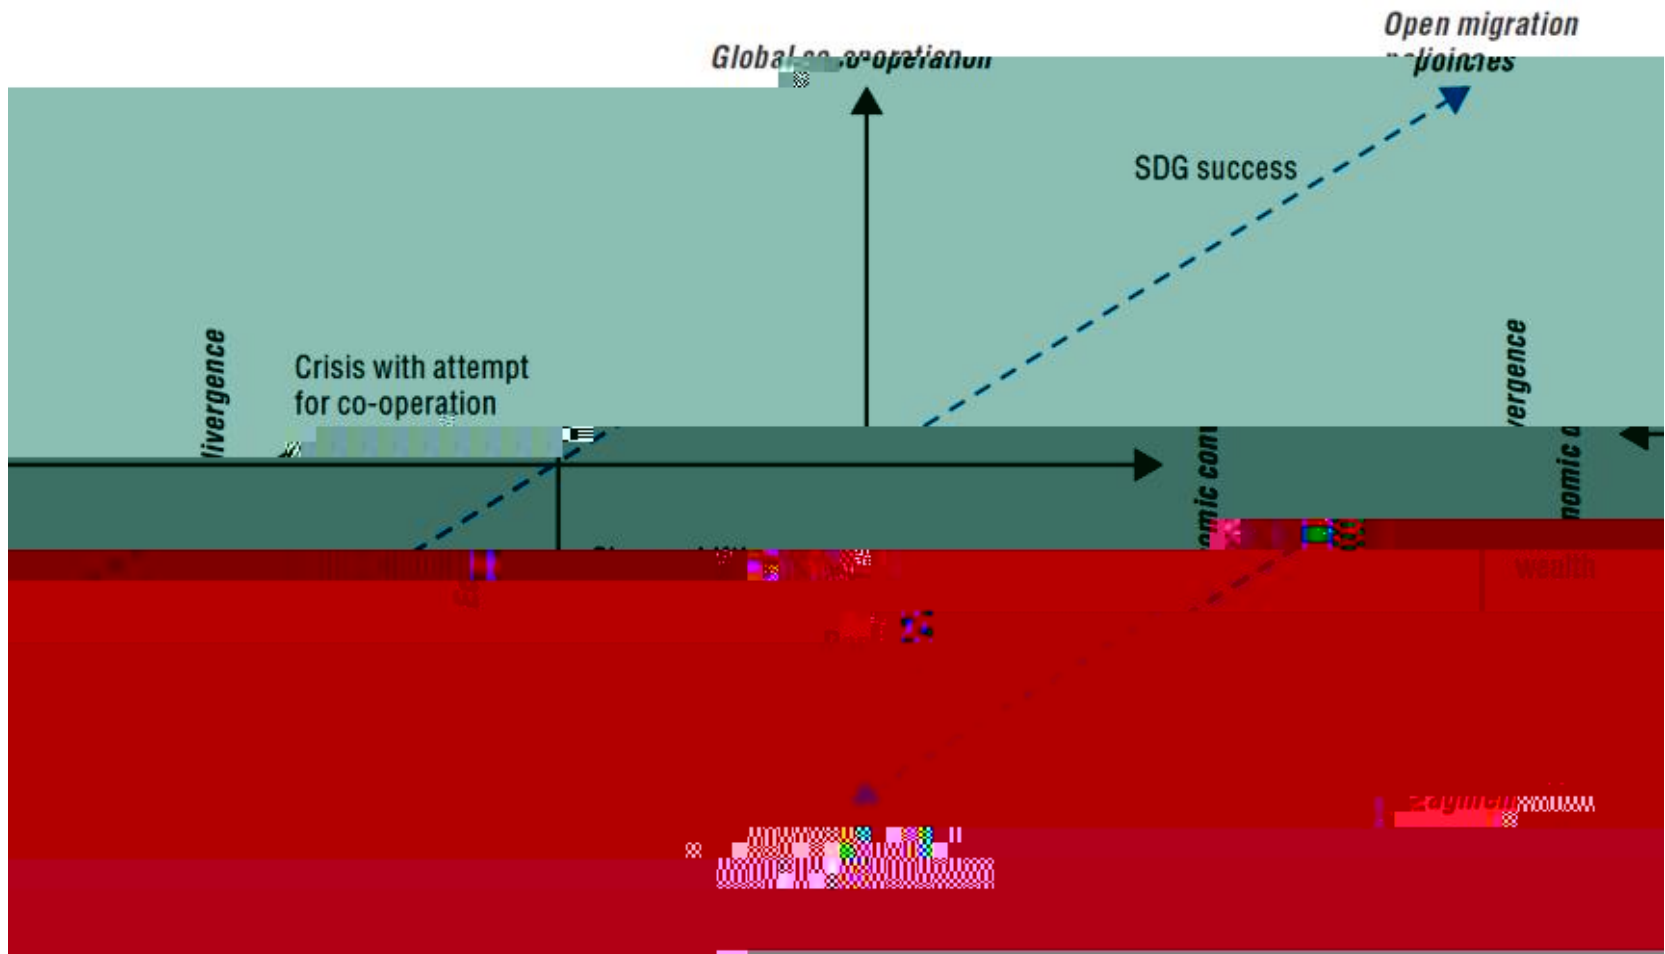

Migration is here to stay and will increase

Four possible scenarios for international migration in 2030

Scenario 1

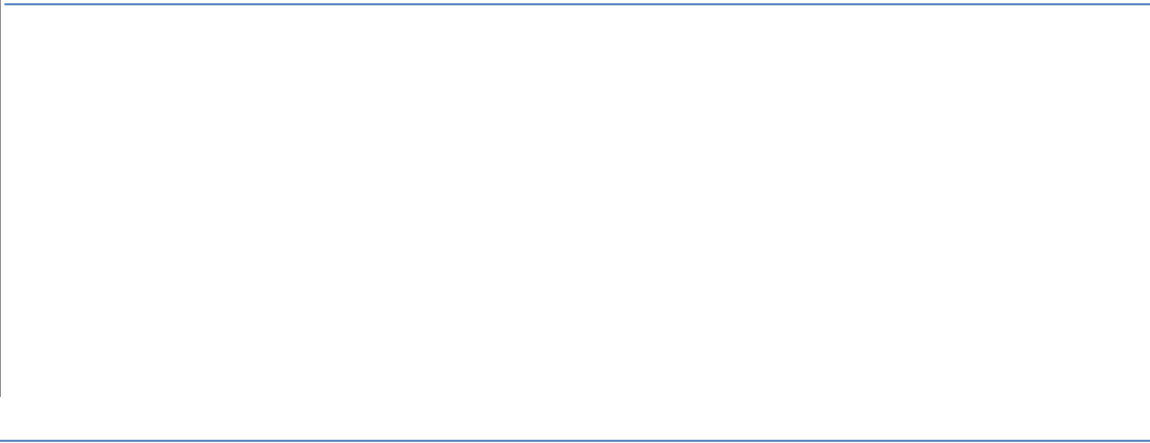

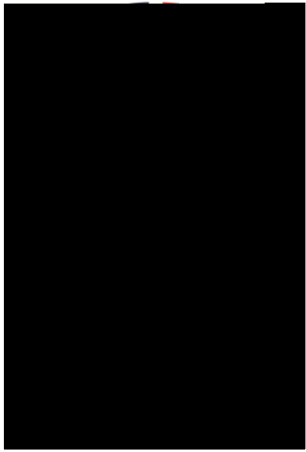

Slower shifting wealth

Scenario 2

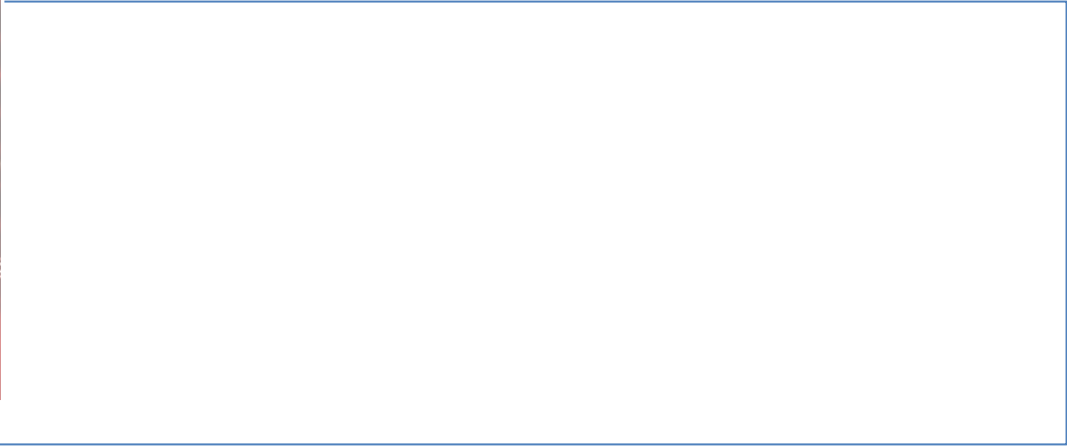

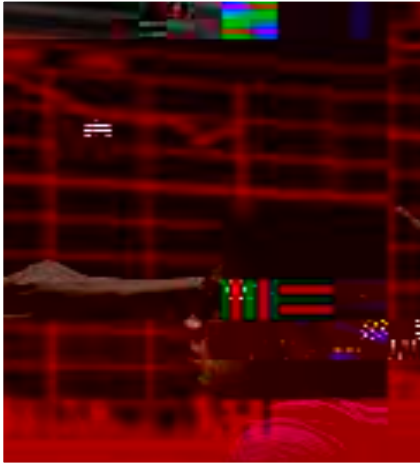

SDG success

Scenario 3

Crisis with attempt for co-operation

Scenario 4

Rapid automation and conflict

Policy implications
