

2015 Review Conference of the Treaty on the Non-Proliferation of Nuclear Weapons

Main Committee I: Disarmament

Statement by Canada

Mr. Chairman,

We welcome this year's Review Conference as an important opportunity to reiterate our

unshakeable commitment to advancing the cause of nuclear disarmament. Colleagues know well Canada's longstanding support for a step-by-step approach to disarmament. This

Canada welcomes the commitment of the Nuclear Weapon States during this review cycle to meet regularly to increase mutual trust and confidence and to implement their commitments made in 2010. We welcome their efforts to develop a glossary of nuclear terms and to submit more regular reports on their implementation of the Treaty. Further progress will be necessary

to meet the high expectations the international community has set. We strongly encourage the Nuclear Weapon States to increase the quantity, quality, relevance and frequency of their

transparency effort in line with Actions 5 and 21 of the 2010 Action Plan.

regime against their interest. This is the
