Discrimination is especially caused by the existence of stereotypes and prejudices and it can only be eliminated in time through information and education, including by constantly developing prevention and awareness campaigns. The efficiency and impact of national anti-discrimination campaigns have increased in the last four years, including otational). All ralevent minicipios and agencies are juvelynd in each, arear amore and The role of national NGOs became more prominent. Projects of national strategies and Ingialation aroudohated and after their edention implemented in collaboration with
