violation of the Charter of the United Nations, the General Agreement in particular its Article 19, and the provisions of Articles 27 and 28 of the Charter, the 1948 Manila Declaration on Diplomatic Relations, as well as the 1978 Vienna Convention on Diplomatic Relations.

The affected Member States have repeatedly expressed their concerns without any resolution or other action being requested in the General Assembly, Resolution A/74/19. However, we rely on the Member States gathered here to prevent the work of the United Nations and the United Nations High Commissioner for Human Rights from being hindered.

We take note of the recent statement of the Security Council, especially its resolution 1541, which is a positive step towards the resolution of the crisis in the Democratic People's Republic of Korea. We call upon the Security Council to utilize its powers in order to ensure that the principle of sovereign equality of States is respected and to guarantee full participation of all States in the work of the Organization. In particular, we request that the Security Council, in its resolution 1541, request that the Democratic People's Republic of Korea

a legal solution to the long-standing dispute between the United Nations and the State of Greece.

Finally, we appeal to you, Mr. Chairman, in your capacity as the chairman of this Committee, to follow up on these persistent problems in collaboration with the relevant UN authorities and assist us to accomplish our assignment efficiently and contribute to the cause of this august body.

Thank you very much.
