In this regard, the DPRK delegation would like to draw your attention particularly to the following issues for international financial institutions:

1. The DPRK has been suffering from a severe economic crisis since the late 1990s. The crisis has been deepening and spreading to all sectors of the economy, leading to a dramatic deterioration of public health and living standards. Worse still, they support anti-government terrorist organizations while continuing to receive international financial aid.

The crisis has been deepening and spreading to all sectors of the economy, leading to a dramatic deterioration of public health and living standards. Worse still, they support anti-government terrorist organizations while continuing to receive international financial aid.

Accordingly, international financial institutions should be encouraged to discontinue their financial support to the DPRK.

Therefore, we request such an international financial institution, including the World Bank, to discontinue its financial support to the DPRK.
