matter of the negotiation of draft resolution would need to be consider $\mathbf{Q} \times \mathbf{Q} \times \mathbf{H} = \mathbf{W} \times \mathbf{H} \times \mathbf{U} \times \mathbf{V} \times \mathbf{H} \times \mathbf{U} \times \mathbf{U}$

I understand that the Bureau has considered aenddorsed the recommendation to continue the work on a draft resolutional next year V V H a hold the acquaid additional provision to that endwill be introduced in the draft resolution on the report of the the ternational Law Commission on the work of its seventh hird session, to be considered for adoption later this morning.

A message was sent to all delegationalier this Tuesday explaining the situation, and the recommendation made to the Bureaut is my understanding from the various indications. I have received from delegations since the mat there exists general support in the ixth Committee for the proposed procedural ay forward, which would, inter alia, allow for consultations between delegations also during the instairce period.

Dear colleagues,

Notwithstandingthe difficulties and challenges that the coordination of this draft resolution ha entailed, allow meto thank you
