Mr. Chair,

Brazil welcomes draft article 13, which addresses the rights, obligations and procedures applicable to the extradition of an alleged offender.

the application of the annex, particularly in scenarios where a State is already bound by one or more mutual legal assistance treaties.

This approach holds promise in promoting broad adherence with a future convention among States already bound by other treaties, while also furnishing them with an optional mechanism to reinforce the prevention and punishment of crimes against humanity through mutual legal assistance.

Thank you.
