

Introduction

1. The Applicant is a staff member of the United Nations Development Programme. He serves at the D-1 level on a fixed-term appointment, and was the Resident Coordinator and Resident Representative in Riyadh, Saudi Arabia, at the time of the application.

2. On 23 July 2020, the Applicant filed an application with the United Nations Dispute Tribunal sitting in Nairobi to challenge the Respondent's decision to not disclose the report of the investigation into his conduct, in which he was exonerated, but which he contends was conducted on the basis of malicious complaints by two staff members. The investigative process resulted in him being harassed and subject to undue stress and pressure. Further, the Applicant contends, his own complaints into the conduct of the two staff members should have been subject to the same investigative rigours that were meted out to him.

3. The Respondent filed his reply on 2 September 2020. The Respondent takes the position that the application is partly not receivable because it is time barred. The Respondent also contends that the decision to not disclose the investigative materials was proper and lawful, and that the decision to close the Applicant's allegations of a malicious complaint was also proper.

4. On 4 September 2020, the Applicant sought leave to respond to the Respondent's reply.
