II. Highlights of the presentations by the panellists

\$70

(5

)

1

\$1
2002

Of the approximately \$70 billion in long-term credit to developing countries provided annually by the export credit agencies of OECD countries, only a fraction (5 per cent) was received by African countries while only 1 per cent by sub-Saharan Africa.

*Harmon
President of Harmon and Co., and
Chairman of the Commission on
Capital Flows to Africa*
