

6 The deliberations of the Forum during the virtual (informal) meetings and the Chair's summary would be reflected in the annexes of the official report of the Forum

7 The Forum would proceed to take decisions on draft proposals by consensus through a silence procedure. Taking decisions through silence procedure would follow the process as described in ECOSOC decision 2020/205

8 Statements in explanation of position would be circulated on the e-deleGATE platform and by the UNF Secretariat and would also be reflected in an annex of the official report of the Forum

Note Proposals would be circulated by the Chair through the UNF module in the e-deleGATE portal and placed under a 72-hour silence procedure. The communication circulating the proposal will include the contact information to be used by a delegation to break the silence, as well as the contact details to provide explanations of position. The Chair would send a letter following the conclusion of the procedure to inform the membership on the outcome as well as to circulate any explanations of position received by that time.
