

Adopted during the 19th LLDC Ministerial Meeting (2020)

Seeks to leverage capacities and build synergies between UN and other international and regional organizations to accelerate the implementation of the VPoA by 2024.

Roadmap – Key highlights

- *More than 430 activities reported*
- About a quarter of activities in the Roadmap reported as completed.
- More than 100 newly reported initiatives added to the Roadmap this year.
- Most initiatives reported by organizations focus on:
 - *transit, trade and infrastructure development (around 25%);*
 - *structural economic transformation (around 21%);*
 - *energy and ICT (around 19%);*
 - *other areas (around 21%) with a main focus on addressing climate change and the impacts of COVID.*

UN-OHRLLS activities in the context of the Roadmap

- Completed training, with partners on transport connectivity and infrastructure.
- Knowledge products on:
 - Transport component of the China-Mongolia-Russia Economic Corridor
 - 'Scaling up Renewables in LLDCs' – with IRENA
 - 'Leveraging Global and Regional Value Chains for Development in LLDCs' (in finalization)
- Knowledge sharing and capacity building events
- Preparations for 3rd UN Conference on LLDCs in 2024

Way Forward

- Roadmap = living document
- Regular reviews within the Inter-Agency Consultative Group
- National Focal Points – to review the Roadmap and identify opportunities for support

Thank You
