Dr. Gabriele Weigt, Managing Director, weigt@bezev.de

In order to fulfil the ambition of Leaving No O

endeavour to identify those who are being left behind and reach them. People who are vulnerable must be empowered. Those whose needs include all children, youth, persons with disabilities, people from Indigenous Peoples, refugees, internally displaced persons, and migrants.

This aspiration to leave no one behind should be reflected in the B to the political declaration of the SDGs SMS be reached.

Creating accessibility is a key measure for achieving their participation infrastructure (e.g. buildings), transport, services, etc., are relevant participation of persons with disabilities. Accessibility should therefore of participation and inclusion and anchored accordingly. Where not be enshrined in national legislation or programmes for the accessibility services should be set up.

Financing for Development: Accessibility and Universal Design funding programmes so that they do not contribute to persons disadvantaged again.
